SECTION C—DESCRIPTION / SPECIFICATIONS / STATEMENT OF WORK

General Specifications Dixie National Forest Culvert Purchase

C.1 Scope of Contract

A. Project Description

This project will include furnishing, delivery, and unloading of culverts (with associated bands and bolts) as shown in the Schedule of Items. The Forest Service does not have equipment on site to unload the pipe.

C.2 Project Location

- A. Purchased culverts (and associated bands) will be delivered to the Powell Ranger District, Dixie National Forest's yard. Approximate address is 50 North 400 West, Panguitch, Utah 84759. The culvert stockpile site will be at the north end of the administrative site.

- B. Address;

Dixie National Forest Administrative Site
50 North 400 West
Panguitch, Utah 84759

C.3 Point of Contact Information

Paul Dastrup.
Zone Engineer
225 East Center
PO Box 80
Panguitch, Utah 84759
Office: (435) 676-9352
Cell: (435) 690-0341
pdastrup@fs.fed.us

C.4 Specifications

- A. Culvert materials and bands shall meet the requirements of AASHTO M36 and M218.
- B. All pipe ends shall be annular rerolled ends.
- C. All bands shall be "Hugger Type" bands designed to match the annular rerolled pipe ends.

- D. All pipe shall be 16 gage galvanized corrugated metal pipe
- E. All bands shall come with required bolts, washers, and nuts.
- F. Contact Forest Service prior to delivery to ensure Forest Service Representative can be on site for delivery.
